

# GENTOFTE TENNISKLUB

# OPSTRENGNINGSSERVICE

## SÅDAN GØR MAN

- 1 Udfyld en opstrengnings-seddel, som ligger fremme i klubrummet i glasmonteren. Vælg streng, tension/spænding og hvornår den skal være klar.
- 2 Aflever ketsjeren med seddel til kontoret/trænerkontoret. *NB! Ketsjere modtages ikke uden udfyldt seddel.*
- 3 Du modtager en SMS, når ketsjeren er klar til afhentning, med mindre andet er aftalt.

NB! Dette er i udgangspunktet ikke en dag-til-dag service, og vi beder derfor medlemmer, som i særlige tilfælde skal have opstrengt indenfor 48 timer, om at henvende sig direkte til Philip (po@gtklub.dk) eller Andreas, som skal bekræfte, at dette kan lade sig gøre.

## STRENGE OG PRISLISTE

### MAX POWER 1.25 AND 1.30

The MAX POWER was created with and on behalf of pro players. Main target was to get massive power and quick response from the string for fast reaction and power tennis.

- Maximum power
- Fast response

### GUT FEELING 1.25 AND 1.30

GUT FEELING - our latest invention when it comes to maximum comfort and best arm-protection. Taking highest-quality fibers for the inner core and using special production treatments equip this string with a very special touch which feels like playing natural gut.

As a full-job string GUT FEELING is best for recreational players, seniors or those who suffer from arm pain. Professional players can profit from its features in a hybrid.

Some favorites are

- as cross strings along with HELIX in the mains or
- as main string with MAX. POWER in the crosses.

There are no limits in combinations, the player's feeling is the main criteria to mix strings up.

- Gut-like playability and touch
- Arm-friendly
- Maximum comfort and support
